No. 32*

(5) The Rules may provide that there shall be two or more appropriate pensions, at such rates as are specified, in respect of an office other than an office referred to in sub-section (1) of this section and, in that case, the Rules shall make pro-

vision for or in relation to the ascertainment of the appropriate pension in relation to each eligible member who holds such an office.

(5A) The appropriate pension in relation to an eligible member who on retirement holds an office in respect of which there are two or more appropriate pensions is the appropriate pension ascertained in accordance with the provisions referred to in the last preceding sub-section.

(5B) The Rules may provide for the reduction of the rate per annum of the appropriate pension in relation to an eligible member who holds an office other than an office referred to in sub-section (1) of this section if his university service is, on his retirement, less than a specified number of years.

(6) Where an eligible member makes, or is deemed to have made, under sub-section (1) of section twenty-five of this Statute, after a promotion referred to in that sub-section, an election to continue to be an eligible member entitled to supplementary benefits as if he held the office that he held immediately before he was promoted, the eligible member shall, for the purposes of this section, be deemed to hold the office that the member held immediately before he was promoted.

(7) If—

(a) a member has received, in respect of any of his university service a payment or benefit that is similar to, or of the same type as, a benefit payable under this Statute; or

(b) a member who, having taken the transfer of his policy or received an amount under sub-section (2) of section thirty-two of this Statute, is restored to health, is again employed by the University and again becomes an eligible member,

the rate per annum of the appropriate pension in relation to the member is reduced by an amount equal to the rate per annum, or, in the case of a married member, the initial rate per annum, of the annuity that could, in the opinion of the actuary, be purchased in respect of the member with an amount equal to the value that the benefit so received would, in the opinion of the actuary, have had on the retirement of the member if it had been invested at the time of receipt.

(8) Without in any way affecting the generality of paragraph (a) of the last preceding sub-section, a member shall be deemed to have received, in respect of any of his university service, a payment or benefit that is similar to a benefit pay-

 - (ii) in any other case—is equal to five-eighths, of the rate per annum of the pension to which the member would have been entitled under subsection (1) of the last preceding section if he had, on the day of his death, been compulsorily retired because of invalidity or incapacity and had satisfied the requirements of sub-sections (5) and (6) of that section; or

 - (i) an amount equal to the moneys that would, under section seventeen or section eighteen of this Statute, have been paid to the widow if the member had not been contributing to the Fund; and

(3) In forming an opinion for the purposes of the last preceding sub-section in the case of a retired member, the actuary shall assume that there has been paid into the Fund in respect of the member an amount that is, in the opinion of the actuary, the value, at the time of forming the opinion, of the unmaturing policies, if any, of the member.

 the pension ceases to be payable to the person.

(2) When a pension ceases to be payable to or in respect of a person by virtue of the last preceding sub-section, the Council may, in its discretion, authorise the payment from time to time to the person, or to a dependant of the person, of such sums of money as the Council determines.

(3) The total amount of any sums paid under the last preceding sub-section in any year shall not exceed the amount of pension that would have been payable to the person in that year if he had been in receipt of pension at the rate per annum at which pension was being paid to him at the date on which pension ceased to be payable to him.

(4) When a person referred to in sub-section (1) of this section dies leaving a widow, widower or child, benefits are payable under this Statute to, or in respect of, the widow, widower or child, as the case may be, as if this section had not applied to the person.

The Board shall not prescribe for the approved course of such a candidate a period of less than three or more than five years.

(3) Notwithstanding anything contained in sub-rule (2) of this rule, the Board may antedate the commencement of the course of any person employed by the University who is admitted as a candidate for a degree under that sub-rule if that person has before the making of this rule done work within the University which the Board considers proper to be considered as part of his approved course of study and research.

candidates**

19. The examination of candidates for degrees shall be conducted as follows:

- (aa) (i) Notwithstanding anything contained in this rule a thesis shall be written, and an examination shall be conducted, in the English language, unless the Board otherwise determines.
- (ii) A determination of the Board under the last preceding clause may relate to all or any part of the thesis or examination and may be expressed to be subject to compliance by the candidate with such conditions as the Board determines.
- (b) (i) Save as provided in sub-rule (5) of this rule, a written examination shall be held only on a direction of the Board made on the recommendation of the Degree Committee and of a director, dean or faculty board not less than twelve months after the beginning of a candidate's course and not less than six months before the end of the course.
- (ii) The Degree Committee shall specify the subjects in which a written examination so directed shall be held.
- (iii) The examiners for a written examination so directed shall be the examiners appointed under sub-rule (2) of this rule, but one of the examiners so appointed shall be a member of the staff of the University.
- (iv) Subject to sub-rule (6) of this rule, the Academic Registrar and the examiners shall arrange for the holding of a written examination so directed.

- (1) The candidate shall not less than three months before the time at which he wishes to be examined give notice to the Academic Registrar in such form as the Board requires. The faculty board, director or dean may dispense with this requirement in special cases.
- (2) (a) The Degree Committee shall after recommendation from the faculty board, director or dean of the appropriate research school appoint not fewer than two examiners in such a manner that except by special leave of the Board one is not a member of the staff of this University and one, other than the candidate's supervisor should he be an examiner, is likely to be able to take part in the oral examination.
 - (b) The Degree Committee may at any stage of the examination appoint an additional examiner and shall do so in the event of disagreement between two original examiners unless the Degree Committee is of the opinion that there are special circumstances which render the appointment of an additional examiner unnecessary.
 - (c) If none of the examiners appointed under paragraphs (a) and (b) above is available for the oral examination an additional examiner shall be appointed by the Degree Committee. The examiner or examiners present at the oral examination shall act for absent examiners and shall submit a report on the oral examination to them.
- (3) (a) Subject to the provisions of paragraph (b) of this sub-rule, a candidate enrolled on or after 1 January 1959 shall within the last six months of his course present to the Academic Registrar three copies of a thesis in such form as the Board prescribes, embodying the results of his approved research. The thesis shall be a complete study incorporating an account of the result of the candidate's work during his approved course.
 - (aa) The thesis must be a connected piece of writing which may comprise a series of papers on related topics, provided that these are accompanied by an adequate explanation of their relationship to each other and to the wider context of the subject. The thesis or component parts thereof may, if already published, be submitted in the published form.
 - (b) In special circumstances the Board, on the recommendation of the Degree Committee, may grant an extension of time of not more than one year for

- (4) A candidate enrolled before 1 January 1959 shall present his thesis in accordance with the rules in force at the time of his enrolment.
 - (5)
 - (a) The candidate shall be examined orally on the substance of his thesis and on his knowledge of the subject unless the Degree Committee on the recommendation of the examiners exempts the candidate from oral examination. The Degree Committee shall not, except in very exceptional circumstances, exempt from oral examination a candidate who has submitted for examination work done jointly with another person. The oral examination shall, except with the permission of the Degree Committee, be held in Canberra.
 - (b) If in the opinion of the Degree Committee satisfactory arrangements for the holding of an oral examination cannot be made and the candidate should not be exempted from an oral examination, the Committee shall require the candidate to take a written examination covering the field ordinarily covered by an oral examination, and the Academic Registrar shall make arrangements with the examiners accordingly.
 - (c) If the examiners are not fully satisfied by the oral examination they may recommend to the Degree Committee that the candidate shall take a written examination, the Degree Committee may require the candidate to take such examination, and the Academic Registrar shall make arrangements with the examiners accordingly.
 - (6) The Board may give directions as to the procedure to be followed in the conduct of examinations; subject to these directions and to these Rules, the Degree Committee may act as it thinks fit in any particular examination.
 - (7) Each examiner, though at liberty to consult or correspond with the other examiner or examiners, is asked to submit an independent report after the whole examination has been completed. This report shall include a reference to any written examination directed under sub-rule (1A) (b) of this rule, to any oral examination, and to any written examination held in lieu of or in addition to an oral examination, and a

recommendation that the candidate be admitted or be not admitted to the degree.

- (8) (a) When the Degree Committee has concluded its consideration of the examiners' reports it shall make a recommendation to the Board that the candidate be admitted or be not admitted to the degree.
- (b) If the Degree Committee recommends that a candidate be not admitted it shall further recommend to the Board whether the candidate should be permitted to revise and resubmit his thesis or, if the revision necessary is sufficiently substantial, to rewrite the thesis for a new examination.
- (c) The Degree Committee shall recommend a period not exceeding twelve months from the date of the Board's decision in which a thesis which is to be revised or rewritten shall be submitted.
- (9) (a) If the Board, having considered the recommendations of the Degree Committee, is of opinion that the candidate is fit to be admitted to the degree it shall recommend to the Council that he be admitted and on his fulfilling the prescribed conditions he shall be so admitted.
- (b) The Board may, on the recommendation of the Degree Committee, decide that the candidate be not admitted to the degree but be re-examined. The Board shall decide whether the re-examination shall be carried out by the examiners appointed in the first place or by new examiners, and in the latter case the new examiners shall be appointed by the Degree Committee. The re-examination may take the form of a revision or re-writing of the thesis, or of a written examination in such subjects as the Board on the recommendation of the Degree Committee shall direct. So far as applicable the preceding sub-rules of this rule shall apply to a re-examination under this sub-rule, but a revised or rewritten thesis shall be submitted and a written examination held not later than twelve months from the date of the Board's decision.

Such number of points as the faculty determines

First Column

Second Column

Group E (Part II)

A unit which has as its prerequisite one of the units from Part I of this Group, taken in accordance with the rules of the faculty concerned.

Such number of points as the faculty determines

6. (1) A candidate shall pursue his course for the Pass Degree of Bachelor of Science subject to the following conditions: Conditions of course

- (a) the units to be taken by the candidate shall be approved by the Faculty;
- (b) except with the approval of the Faculty, a candidate shall not take a unit set out in Group C of the table unless he has obtained at least six points in respect of the units set out in Group A of the table.

(2) The Faculty may determine that a candidate may not take a unit specified in the determination unless he has passed another unit specified in the determination or takes that unit concurrently.

(3) The Faculty may determine that the content of a unit approved for the degree course of the Faculty or of another faculty is substantially the same as the content of another unit for the degree course of the Faculty or of another faculty, and, in such a case, a candidate for the Pass Degree of Bachelor of Science may take only one of those units for his degree.

7. A candidate's performance in a unit shall be classified as 'high distinction', 'distinction', 'credit', 'pass', 'conditional pass' or 'fail'. Classification of candidate's performance in unit

8. (1) A candidate may be granted a conditional pass in not more than two of the units specified in the next succeeding sub-rule. Conditional pass

(2) The units in respect of which a conditional pass may be granted are—

- (a) one unit from Group A in the table;
- (b) one unit from Group B in the table in respect of which the candidate may count one point for the degree; and
- (c) one unit from Group C in the table in respect of which the candidate may count one point for the degree being a unit approved by the Faculty.

(3) In determining whether or not to classify a candidate's performance in a unit as 'conditional pass', the Faculty shall take into account the candidate's overall performance in his course.

(4) A candidate who obtains a conditional pass in a unit shall, for the purposes of rules 4 and 5 of these Rules, be deemed to have passed the unit.

(5) Except with the approval of the head of the department concerned, a candidate who obtains a conditional pass in a unit shall be deemed not to have passed that unit for the purposes of the operation of a determination made by the Faculty under sub-rule (2) of rule 6 of these Rules.

Period of
course

9. Except with the approval of the Faculty, a candidate shall not be admitted to the Pass Degree of Bachelor of Science unless he has completed the requirements for the degree within the period of ten years from the date of commencement of the academic year in which he passed the first unit of his course.

17. In order to qualify for the Degree of Bachelor of Science with Honours, a candidate is required—

Require-
ments of

13. The Returning Officer shall decide whether any voting paper shall be accepted or rejected.

14. In an election at which only one candidate is to be elected the result of the election shall be determined in the manner following:

- (1) the Returning Officer shall count the first preference votes given for each candidate on all unrejected voting papers;
- (2) the candidate who has received the largest number of first preference votes shall, if that number constitutes an absolute majority of votes, be elected;
- (3) if no candidate has received an absolute majority of first preference votes, the counting of votes shall proceed as follows:
 - (a) the candidate who has received the fewest first preference votes shall be excluded, and each voting paper counted to him shall be counted to the candidate next in the order of the voter's preference;
 - (b) if a candidate then has an absolute majority of votes he shall be elected, but if no candidate then has an absolute majority of votes, the process of excluding the candidate who has the fewest votes, and counting each of his voting papers to the unexcluded candidate next in the order of the voter's preference, shall be repeated until one candidate has received an absolute majority of votes; and
 - (c) the candidate who has received an absolute majority of votes shall be elected.

15. In an election other than an election under Part III of these Rules, at which more than one candidate is to be elected the result of the election shall be determined in the manner following:

- (1) the first preference votes given for each candidate on all unrejected voting papers shall be counted;
- (2) the aggregate number of such first preference votes shall be divided by one more than the number of candidates required to be elected, and the quotient increased by one, disregarding any remainder, shall be the quota, and (except as hereinafter provided in sub-section 10) no candidate shall be elected until he obtains a number of votes equal to or greater than the quota;
- (3) any candidate who has, upon the first preference votes being counted, a number of such votes equal to or greater than the quota shall be declared elected;

- (4) where the number of such votes obtained by any candidate is equal to the quota, the whole of the voting papers on which a first preference vote is recorded for such elected candidate shall be set aside as finally dealt with;
- (5) where the number of such votes obtained by any candidate is in excess of the quota, the proportion of votes in excess of the quota shall be transferred to the other candidates not yet declared elected, next in the order of the voter's preferences, in the following manner:
 - (a) all the voting papers on which a first preference vote is recorded for the elected candidate shall be re-examined, and the number of second preference votes, or (in the case provided for in section eighteen) third or next consecutive preferences, recorded for each unelected candidate thereon shall be counted;
 - (b) the surplus of the elected candidate shall be divided by the total number of votes obtained by him on the counting of the first preference votes, and the resulting fraction shall be the transfer value;
 - (c) the number of second or other preferences ascertained in paragraph (a) to be recorded for each unelected candidate, shall be multiplied by the transfer value;
 - (d) the resulting number shall be credited to each unelected candidate, and added to the number of votes obtained by him on the counting of the first preference votes;
- (6) (a) where, on the counting of the first preference votes or on any transfer, more than one candidate has a surplus, the largest surplus shall be first dealt with. If then more than one candidate has a surplus, the then largest surplus shall be dealt with, and so on; provided that, if one candidate has obtained a surplus at a count or transfer previous to that at which another candidate obtains a surplus the surplus of the former shall be first dealt with;
- (b) where two or more surpluses are equal, the surplus of the candidate who was the highest on the poll at the count or transfer at which they last had an unequal number of votes shall be first

dealt with, and if they had an equal number of votes at all preceding counts or transfers, the Registrar shall decide which candidate's surplus shall be first dealt with;

- (7) (a) where the number of votes obtained by a candidate is raised up to or above the quota by a transfer as aforesaid, he shall thereupon be declared elected. And in such case, notwithstanding the fact that he may have reached the quota, such transfer shall be completed, and all the votes to which he is entitled therefrom shall be transferred to him, but no votes of any other candidate shall be transferred to him;
 - (b) where the number of votes obtained by a candidate is raised up to, but not above, the quota by a transfer as aforesaid, the whole of the voting papers on which such votes are recorded shall be set aside as finally dealt with;
 - (c) where the number of votes obtained by a candidate is raised above the quota by a transfer as aforesaid, his surplus shall be transferred to the candidates next in the order of the voters' respective preferences, in the following manner:
 - (i) the voting papers on which are recorded the votes obtained by the elected candidate in the last transfer shall be re-examined, and the number of third, or (in the case provided for in section eighteen) next consecutive preferences recorded for each unelected candidate thereon counted;
 - (ii) the surplus of the elected candidate shall be divided by the total number of voting papers mentioned in paragraph (i), and the resulting fractions shall be the transfer value;
 - (iii) the number of second (or other) preferences, ascertained in paragraph (i), to be recorded for each unelected candidate, shall be multiplied by the last-mentioned transfer value;
 - (iv) the resulting number shall be credited to each unelected candidate, and added to the number of votes previously obtained by him;
- (8) (a) where, after the first preference votes have been counted and all surpluses (if any) have been transferred as hereinbefore directed, no candidate, or less than the number of candidates required to be

- elected, has or have obtained the quota, the candidate who is lowest on the poll shall be excluded, and all the votes obtained by him shall be transferred to the candidates next in the order of the voter's respective preferences, in the same manner as is directed in sub-section (5);
- (b) the votes obtained by such excluded candidate as first preference votes shall first be transferred, the transfer value of each vote in this case being one;
 - (c) the other votes of such excluded candidate shall then be dealt with in order of the transfers in which, and at the transfer value at which, he obtained them;
 - (d) each of the transfers which takes place under the two previous clauses of this sub-section shall be deemed for all purposes to be a separate transfer;
- (9) (a) where a number of votes obtained by a candidate is raised up to or above the quota by any such transfer as aforesaid, he shall thereupon be declared elected. And in such case, notwithstanding the fact that he may have reached the quota, such transfer shall be completed, and all the votes to which he is entitled therefrom shall be transferred to him, but no other votes shall be transferred to him;
- (b) where the number of votes obtained by a candidate is raised up to, but not above, the quota, by any such transfer as aforesaid, the whole of the voting papers on which such votes are recorded shall be set aside as finally dealt with;
 - (c) where the number of votes obtained by a candidate is raised above the quota by any such transfer as aforesaid, the surplus shall be transferred to the candidates next in the order of the voters' respective preferences in the same manner as is directed in sub-section (7), paragraph (c); provided that such surplus shall not be dealt with until all the votes of the excluded candidate have been transferred;
 - (d) where any surplus exists it shall be dealt with before any other candidate is excluded;
- (10) the same process of excluding the candidate lowest on the poll and transferring his votes to other candidates shall be repeated until all the candidates, except the number required to be elected, have been

excluded, and the unexcluded candidates who have not already been so declared, shall then be declared elected.

16. In an election under Part III of these Rules at which two candidates are to be elected the result of the election shall be determined in the following manner:

- (1) the Returning Officer shall prepare a list of the candidates, shall count the first and second preference votes given for each candidate on all unrejected voting papers and shall credit the aggregate of those votes to the candidates;
- (2) the candidate who has received the greatest aggregate number of first and second preference votes shall, if that number constitutes an absolute majority of the votes, be elected;
- (3) if no candidate has received an absolute majority of the votes, the counting of votes shall proceed as follows:
 - (a) the candidate who has received the lowest aggregate number of first and second preference votes shall be excluded and each voting paper on which a first or second preference vote has been counted to him shall be counted to the candidate next in the order of the voter's preference;
 - (b) if a candidate then has received an absolute majority of votes, he shall be elected;
 - (c) if no candidate has received an absolute majority of votes, the procedure of excluding the candidate who has received the lowest number of votes and counting each of the voting papers counted to him to the unexcluded candidate next in the order of the voter's preference shall be repeated until one candidate has received an absolute majority of votes; and
 - (d) the candidate who has received an absolute majority of votes shall be elected;
- (4) where a candidate is elected—
 - (a) the Returning Officer shall again prepare a list of the candidates (including any candidates excluded in the course of counting of votes under sub-section (3) of this section) and credit each candidate with the first and second preference votes counted to him in accordance with sub-section (1) of this section; and

- (b) the elected candidate shall be excluded and each voting paper on which a first or second preference vote has been counted to him shall be re-examined and counted to the candidate next in the order of the voter's preference;
- (5) if none of the remaining candidates has then received an absolute majority of votes, the counting of votes shall proceed in the manner provided by sub-section (3) of this section;
- (6) where all except two of the candidates have been excluded and each of the remaining candidates has received the same number of votes—
 - (a) if no candidate has previously been elected, each of the candidates shall be elected;
 - (b) if a candidate has previously been elected—
 - (i) the candidate who received the largest number of first preference votes shall be elected;
 - (ii) in the event of each candidate receiving the same number of first preference votes—the candidate who received the largest aggregate number of first and second preference votes shall be elected; and
 - (iii) in the event of each candidate receiving the same aggregate number of first and second preference votes—the Returning Officer shall determine by lot which of the candidates shall be elected.

17. Where two or more candidates have the same number of votes and it becomes necessary to exclude one of them, then whichever of the candidates was lowest on the poll at the last count or transfer at which they had an unequal number of votes, shall be excluded and, if such candidates have an equal number of votes at all preceding counts or transfers or if there was no preceding count or transfer, the Returning Officer shall decide by lot which candidate shall be excluded.

18. In determining which candidate is next in the order of the voter's preference, any candidates who have been declared elected or who have been excluded shall not be considered, and the order of the voter's preference shall be determined as if the names of such candidates had not been on the voting paper.

19. Where on any count or transfer it is found that on any voting paper there is no candidate next in the order of the

voter's preference, that voting paper shall be set aside as exhausted.

20. The Returning Officer may if he thinks fit, on the request of any candidate setting forth the reasons for the request, or of his own motion, recount the voting papers received in connection with any election.

20A. (1) Where, before the poll is declared at an election, the Returning Officer is satisfied that the election has been vitiated by reason of an irregularity in the course or conduct of the election, he may declare the election to be void from the commencement of the election or from such point in the proceedings of the election as he specifies in the declaration, being a point in those proceedings after the notification of the fact that the election was necessary but before the occurrence of the irregularity.

(2) Where, in pursuance of the last preceding sub-section, the Returning Officer declares an election to be void from the commencement of the election, he shall, as soon as practicable after making the declaration, conduct a further election in accordance with these Rules in place of the void election.

(3) Where, in pursuance of sub-section (1) of this section, the Returning Officer declares an election to be void from a point in the proceedings after the notification of the fact that the election was necessary, he shall determine what further proceedings in the election are necessary to ensure that the election will be regularly conducted and shall, subject to the next succeeding sub-section, conduct those further proceedings in accordance with these Rules in place of the void proceedings.

(4) In the conduct of any further proceedings in an election under the last preceding sub-section, the Returning Officer may, notwithstanding anything contained in section 1 or 2 of this Schedule, determine the intervals to be allowed between the occurrence of any events in the course of those further proceedings.

21. (1) The Returning Officer shall retain the voting papers on which votes have been recorded at an election for the period of three months after the declaration of the poll at that election.

(2) After the expiration of that period, the Returning Officer may destroy the voting papers.
